

Profile about me

Hi, my name is Martin Buch Damgaard. I am 16 years old and I am boy. I live with my family in Denmark in a town called Bjerringbro. Family is my mom, dad, brother, sister and my little dog. In my spare time I like to be with my friends and then I am home I like to play drums and just sitting with my computer. I like to playing sport like soccer, badminton, table tennis, swimming and handball. My school is Viborg ungdomsskole and my favourite subject is maths and young action and I hate nothing in the school. I take the train to Viborg and the bus to Viborg ungdomsskole “my school”. I also like go to party with my friends or hang out with them. I been at school since I was 6 and I leave when I am 16. In my future I want to be a police officer and the way I am going to do that is to educate myself as an electrician – it will take 4 years. After I have been educated as an electrician, I want to join the army as a soldier for 1 year. When I am done as a soldier, I want to become a police officer. I have chosen international cooperation because I thought it could be fun to meet other teenagers in the Europe and also because I want to learn more about Europe. I am a social guy who loves party.
