

Dear person who is going to visit me here in Denmark this is some information about me and my life.

My Profile, Steffen Nielsen, Denmark.

Hello there, my name is Steffen Nielsen, I go in Viborg 10th grade, and I am going to have you to visit me. I am 15 years old , and my birthday is in November 3.

In my spare time I don't do that much at the moment, because I have bet on school soccer team, but I didn't get on the team, and I just quit playing Computer as I did before on high level.

But at the moment here, September 2, I am watching my dog puppies, and my 2 older dogs, they are really cute, but very loud when they meet new people, so now you know that I have 2 dogs, both loud as they meet you, but soon as they get to know you a bit they will get nicer. There are nothing evil in my dogs, so don't worry about them making a lot of noise.

Oh yeah I forgot, if you haven't noticed by my name yet, I am an boy .

I live mainly at my moms and stepfathers house, but in every second weekend I am at my dads house for the weekend. But as you will come to me I'll stay at my mom's house so it is easier for you. My family consist of, my mom Ulla, my stepfather Ole, my real dad John (you might meet him), my brother Casper.

As I told you earlier I have 2 dogs, 1 year old, and 1½, but at the time you come to my home, my youngest might be around 1 year still, but my oldest is a female dog around 2 years.

I like to play soccer, and I like to talk a lot, I am quite a bit of a talker, since I almost all the time talk, but I don't talk that much at the start of you coming to my home, since I don't know you, and then I am VERY shy.

I don't hate horses, I just don't like them, because I think their soooo dangerous and really big, and that scares me, but if you have horses feel free to tell about them.

Well as I told you, I am really shy as I meet you for the first time, but as I get to know you better, I get a lot more free and I talk much. Many of my friends see me as one of the nicest friends they've ever had, because I always talk to them, and I help them if they have problems.

Well you might have understood from my bad English, I live in a town called Viborg, and I live in a house, which some people think as being a richman's house, but we aren't rich, we have just spend our money in it. Our lifestyle at home, is for some very "nice" (as I mean as richman style), but it is just some basic simple rules we have, which goes around, washing the plate up after dinner, cleaning the shower room (the little room with shower in) just around the metal pole with the showerhead on.

And as many people does but some people doesn't, we say Goodnight / good day / thanks for dinner and such.

Well I don't really see more I can write about myself here as it is, if you have more questions write to my email, and feel free to send me emails.

Hope to hear from you soon, and I am looking forward to meet you in real life.

I hope you understood what I have been trying to write for you.

For now Goodbye and see you soon.
