

Hey :D.

My name is Pernille, and I'm from Denmark . I live in a little city call Karup, which takes place 25km from Viborg. I live with my mom, stepfather, my little sister and my twin brothers on a pretty big house, in the country. We don't have any animals, but I got my own little fish, named Leo :D.

In my spare time, I play handball, work in a supermarket and are together with my friends.

I have a best friend called Cecilie, but she's on a school, where you sleep, eat and go to classes. She comes home every weekend, so it's nice. But I miss her very much, when she's not home. I also have a friend, I call sister, because my mom and her mom is best friends and I have known her since I was born, so we are like sisters, her name is Chalotte.

In the weekends I work or partying with my friends.

My stepfather is from Germany, so I have family there, and I often travel to Germany. I can speak the language, but I understand it better than I talk it :D.

I think that was a little about me. I'm looking forward to see you, and I promise you to clean up my room, before you arrive. Haha! See you soon ;) )

- Pernille.
